Distinctive Closets is designed to help you organize your closets, mud room, pantry, laundry room, garage, linen closet, work space, craft room and more. The only limit is your imagination. To get started, assess what your needs are and create a list of all items that you want to store in your area. When making that list, evaluate your lifestyle and how you will function in that space. Determine how well the existing space works, and establish pros and cons regarding the current layout to discuss with your designer. Build an inspiration scrapbook of photos, clippings, etc. to help establish the look and feel of your new room. Next, visit your local Wellborn Dealer with your list and inspiration scrapbook in hand. Their designer will discuss with you your storage needs, budget and goals for the area. They will use this information to design storage solutions that will help you organize your life in style.
